

Concrete Hopper

Concrete Hopper - The self-dumping hopper accessory can automatically start to both dump and release as soon as the bumper release touches the side of a dumpster. Once dumping is completed, the hopper can go back to original locked and upright position. This particular piece of machinery also comes along with a cable that allows operation from the seat of the lift truck to be able to have the option of manually unloading the hopper. There is a locking chain provided to be able to lock the hopper to the tine truck. This product is made with reliable and consistent robotic welds for maximum strength. The lift truck dumping hopper also has a blue powder coat finish to maintain durability.
