Advance-Nilfisk Parts - Think about how long and tiresome it would actually be to clean-up after a party, with out assistance from equipment. Not too long ago, the dust from carpets and upholstery had to be beat out of them manually; brushes, cleaning cloths and brooms were the leading cleaning products at the time.

The founder of Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After founding his company during the year 1906, he began to produce motors to drive fans, machine tools, drills and coffee grinders. Mr. Fisker's vision from the beginning was to have an international company marketing goods internationally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by a single person. This invention came in a time where many cleaning equipment were massive and required at least 4 operators, thus, the Nilfisk C1 transformed everything and evolved the method we clean forever. The brain behind these very first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an existing dilemma; stuff get filthy and must be cleaned frequently, without too much effort.

Gradually but progressively, Nilfisk-Advance grew all through the years. In the nineteen eighties, this growth actually took place when the business became a part of the NKT Group. Their new owners' drive and concentration made Nilfisk-Advance take a huge leap forward within the trade, aspiring to be among the leading universal players in the market of professional cleaning machines. Nilfisk-Advance is now found in every part of the world by steadily obtaining a lot of small businesses to be able to develop their product selection and presence in new markets. They are proud to provide a range of cleaning solutions to meet each need.
