

## TCM Forklift Part

TCM Forklift Parts - In the global business of material handling, forklifts play a major role for transporting industrial goods. Initially innovated as industrial vehicles in the 1930s in the United States, lift trucks gained popularity after World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machinery spread globally.

In the year 1949, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Presently the business is simply referred to as TCM Corporation. Throughout the years, TCM forklifts have become a global leader in forklift manufacturing and have built a solid reputation with the industry. TCM started constructing forklift manufacturing sites outside of Japan during the 1980s and is currently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures numerous models of industrial forklifts with more than 50 years of accumulated expertise and technology, making their products recognized and used all over the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aims to become a world-class leading business.
